

TEACHINGS OF THE TREK

CHORUS:

A F#m
Lately I've been hearing of all the pioneering
D E A
Stories so endearing to me - teachings of the trek
A F#m
Lately I've been thinking would I be just as willing
D E A
To go the extra thousand miles for the teachings of the trek

A E F#m D
Many years ago Brigham called, "Westward Ho"
A E F#m E
They left their homes and their families
A E F#m D
They crossed the plains through the wind and driving rains
A E F#m E
And they shed their tears on the shallow graves

CHORUS

A E F#m D
The old trails are gone – modern times have taken on
A E F#m E
Always feeling we have too much to do
A A E F#m D
Though we may not cross the plains you know some things never change
A E F#m E
There's right or wrong and we've got to choose

CHORUS

A E F#m D
As we journey on our way let's try to make it a brighter day
A E F#m E
We don't want to leave anyone behind
A A E F#m D
If you fall we'll help you cope, let's our hearts be full of hope
A E F#m E
Together the path will not be hard to find

CHORUS
